

D-BLAZE[®]

FIRE RETARDANT TREATED WOOD

GREENGUARD GOLD CERTIFIED

✓ GREENGUARD GOLD and GREENGUARD CERTIFIED

D-Blaze has no VOC's or formaldehyde and is the first fire retardant treated wood product certified **GREENGUARD GOLD** and **GREENGUARD** for low chemical emissions.

GREENGUARD certified products are recognized, referenced or preferred by more federal purchasers, retailers, green building rating tools and building codes around the world.

Both the **Collaborative for High Performance Schools (CHPS)** and the **Leadership in Energy and Environmental Design (LEED)** building rating system reference the certification.

D-Blaze earned qualification for the Collaborative for High Performance Schools (CHPS) and the Leadership in Energy and Environmental Design (LEED) Building Rating System. No VOCs. No Formaldehyde.

✓ D-Blaze Treated SYP Plywood is UL Classified FR-S.

UL FR-S: flame spread and smoke developed indexes are less than 25.

The designation "FR-S" appears in the individual certifications in place of the flame-spread and smoke-developed values.

✓ North American Brand Recognition

Requested and listed in construction documents by industry leading specifiers and architects.

✓ Competitive Advantage – D-Blaze Product Differentiation

The D-Blaze formulation is proven effective and different than formulations offered by other manufacturers.

✓ Listed in the AWPAs Book of Standards

AWPA U1 standards are the only standards for treated wood directly listed in the IRC and IBC. The AWPA standardized FRTW under standard P50, U1, UCFA.

✓ Industry Leading Protection - 50 Year Warranty

With over 35 years of proven performance, D-Blaze was the first interior FRTW backed by a 50-year warranty.
